

Repainting of the interior and exterior surfaces of the existing Bryant Road Water Storage Tank (400 thousand gallon elevated water storage tank) located in Washington Township, Gloucester County, New Jersey in the amount of 743,000.00. The NJWB is a State Revolving Fund program jointly administered by the New Jersey Department of Environmental Protection (DEP) and the New Jersey Infrastructure Bank (NJIB) and uses a combination of funds provided by the United States. Environmental Protection Agency, the DEP, and the NJIB to provide very low interest loans to borrowers for environmental infrastructure projects. This project will provide water quality benefits, by extending the useful life of this important water system component within the Washington Township Municipal Utilities Authority service area and prevent pre-mature failure of the water storage tank from corrosion and degradation due to environmental factors. State Revolving Fund programs around the nation provide states and communities the resources necessary to maintain and improve the infrastructure protecting our valuable water resources nationwide.
